# MESSAGE FROM APCO

Dear Friends.

Its not very often, rare indeed that a city changes the way it's built and walled itself up like you Bangalore, from the traditional use of bricks to the complete shift to using cellular and solid concrete blocks, but you did so with sound reasoning and good calculations as our blocks helped you in construction by reducing costs and enhancing the quality parameters over traditional practices.

It has been our one and only endeavor through the decades to ensure that our customers continue to enjoy these advantages over other walling products. The faith and trust that you placed in us over the decades on your greatest possession "your home" truly humbles and overwhelms us with gratitude.

APCO'S success is purely based on loyalty, community, customer service, commitment and family. We feel honored to be a part of this family and journey. We look forward to building for the next generation in partnership with our the customers.

It will be our sincere and continued effort to enhance the advantages of our products in the years and decades to come.

Thanking you for the faith and trust that you continue to repose on us.

Yours sincerely.

**TEAM APCO**

# COMPANY PROFILE

Welcome to the world of APCO Blocks, built to give you a great look, aesthetic charm and everlasting value.

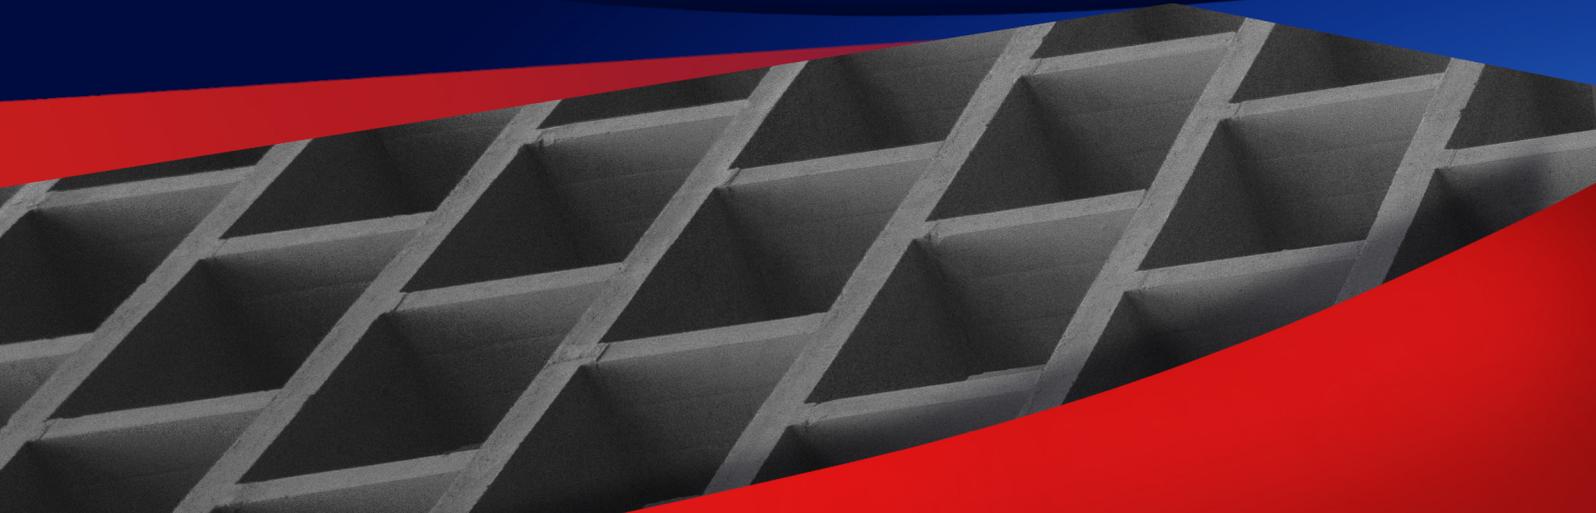

We are the country's first commercial concrete blocks manufacturing venture founded in 1973 and though the modern concrete blocks manufacturing industry is getting more and more competitive with each passing day, we are only growing stronger with time.

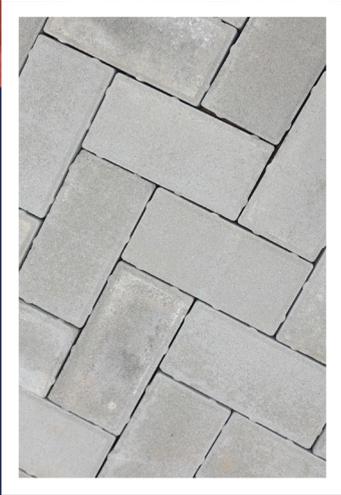

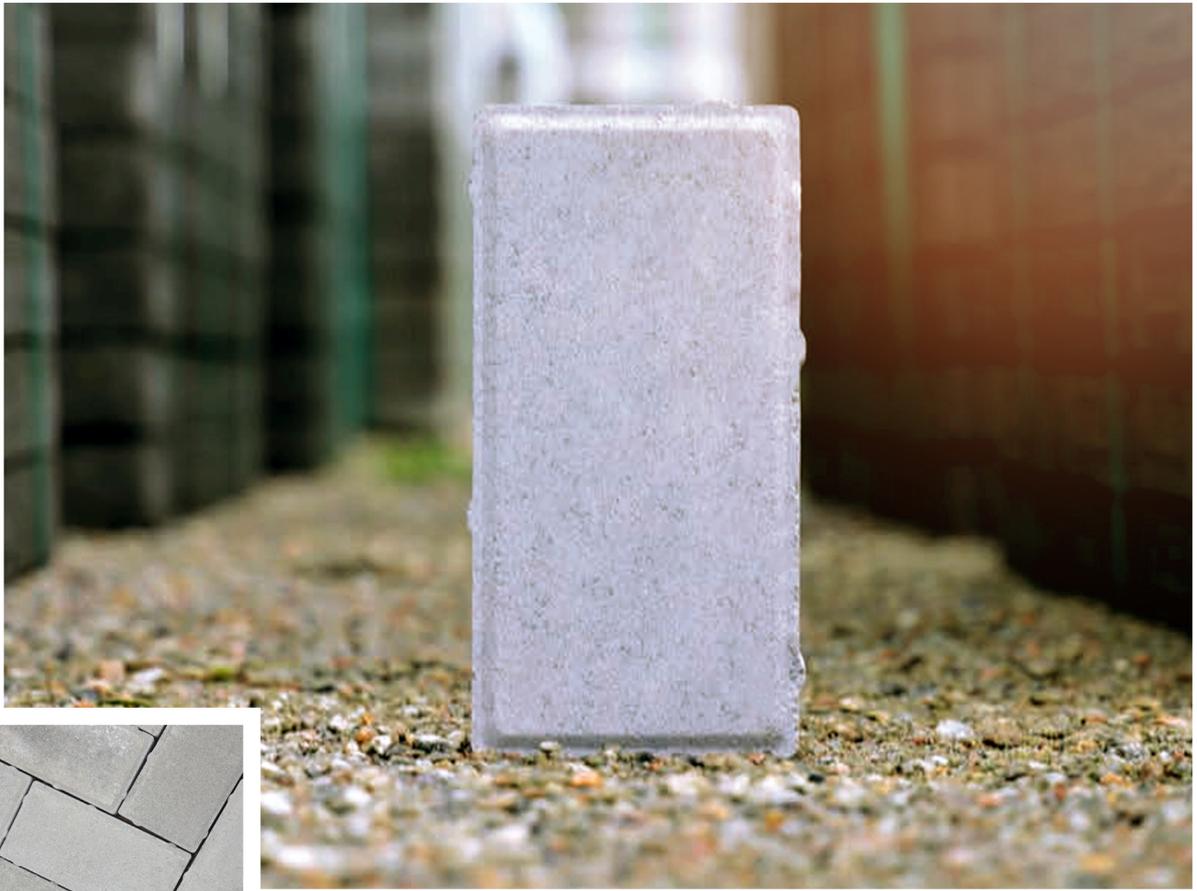

Our four states of the art manufacturing units produce up to 1,00,000 blocks per day. These units are strategically placed to offer convenience and ease of delivery of the product.

APCO today has over 1,50,000 proud and satisfied customers in the corporate and group housing sector and over 10,00,000 individuals in the home segment.

Today we are proud to announce the launch of our new line of pavers and Kerbs stones. We hope to bring to you, our customers, more value in continuing your relationship with APCO.

~ 50 Years of excellence ~
